Although organizations that do not have salaried positions are not legally required to file affirmative action plans, the CATE Board of Directors, as an indication of good faith and support for the goals of affirmative action, has adopted this plan. The plan encourages the organization to recruit and involve all racial, ethnic, and other under-represented groups in all functions of the organization.

11.2 Affirmative action goals of the California Association of Teachers of English:

- 1. To develop a membership survey to portray an accurate picture of group representation (teaching level, gender, ethnicity, years teaching),.*
- 2. To institute an active recruitment program, especially from under-represented groups,.*
- 3. To assure fair representation in selection of conference speakers,*
- 4. To select conference sites at hotels which are in compliance with affirmative action requirements of the Office of Civil Rights,.*
- 5. To contract with vendors who comply with affirmative action requirements of the Office of Civil Rights,.*
- 6. To develop supportive programs including ones that will appeal to under-represented groups,.*
- 7. To review all practices and evaluate progress in every area and to report findings to the membership on a regular basis.*

11.3 This plan will be explained to CATE members through CATE publications. Members will be encouraged to contribute suggestions to ensure success.
