STANDING COMMITTEE REPORTS

Policy/Censorship - *DUNSTAN*, Carrillo, Cecil, Danielson, Jago, Chapman, Sahlberg, Younglove

SB 1446 extends the sunset date for students with disabilities CAHSEE requirements and SB 118 gives some exemptions from passing the CBEST.

NCTE Resolutions were discussed including better ways to meet the needs of the huge number of students who are failing. Will there be a nationalization of standards? teachers need to be part of the process for development of any standards to allow for creativity and autonomy.

Younglove is unable to attend next CCCC meeting in Sacramento. Jo Anne Mitchell volunteered.

Open Discussion.

P. Fristrom discussed the handout on conventions, that reflects the past two decades – budget, profit, attendance, and location.

Medford asked for ideas for what to do with/about the victims of the wildfires that began this past summer, and continue to burn. Board members contributed ideas that included using the experiences/writings of children for publications, making films; also a draw/idea for a potential “theme” for a meeting of teachers of the areas affected – coming together for a common cause. Chapman suggested STORY CORPS OF NPR, either a model or invite them to come themselves.

Younglove – NING, a blog from NCTE; he’s tested the process and is pleased with the results/responses so far.

Meeting adjourned at 5:00 P.M

Chapman called the meeting to order Sunday, September 10, 2008 at 8:30 and asked Committees to meet.

Executive/Finance - *DELFINO*, Berry, Chapman, Dunstan, A. Fristrom, P. Fristrom, Hogue Smith

Discussion on CATE’s finances continued from Saturday’s meeting: “Is our money safe?” The present financial situation was discussed and it was agreed our present investment strategies are as balanced and secure as they can be.

Hockensmith visited the committee to talk about the Corporation Insurance for the Board, Directors’ and Officers’ insurance. There was discussion about requesting a price quote to protect our corporation and its officers from suits. Hockensmith and P. Fristrom will continue to pursue the issue.

Hockensmith also spoke about GoodSearch.Com, a search engine (similar to Google) that will send CATE a penny for each time it is used, a way to create income for CATE.

Delfino moved and Dunstan seconded that CATE recommend the use of GoodSearch.com for our membership. MOTION CARRIED.

Hockensmith volunteered to send notification of this recommendation to CATENet, CATEweb and *California English*. He will also set up laptops at the membership booth at the convention.

Discussion continued on what constitutes a Small Council, for the purposes of electing the position of Member-at-Large Small Council.

Delfino moved and Dunstan seconded to amend Bylaws 7.3.4 by deleting “by a Council Committee which has fewer than five hundred (500) Regular Members,” and replace it with “a council committee whose membership is less than 10% of the total CATE regular membership, as of September first of the previous year.”

MOTION CARRIED.

This bylaw change would not go into effect until July 1, 2009, as bylaw changes must follow protocol, including being published in *California English* and voted upon at the annual business meeting by our membership.

Delfino moved and Dunstan seconded that votes for CATE elections may be cast in the following ways: a ballot within California English, online through CATEweb, and in person at the annual business meeting. (This will become Policy 9.2)

MOTION CARRIED.

After much discussion, P. Fristrom will redesign the Convention Manual so that duties are delineated to better share out the various responsibilities for conventions.

Delfino moved and Dunstan seconded that this Board establish the position of Convention Coordinator Assistant at the December Board meeting to shadow the Coordinator. The Convention Coordinator’s Assistant position will be a voluntary and non-voting Board position, with the expectation that this person may/will eventually become the Convention Coordinator. MOTION CARRIED.

We will immediately advertise this position in *California English*, on CATENet, and on CATEweb. Duties will be at the direction of the coordinator.

Lifetime CATE membership for non-retirees discussion postponed to next meeting’s agenda.

Phil Bowles’ request regarding LGBT was tabled until the next meeting.

Publications - *MCANINCH*, Carrillo, Cecil, Clarke, Dillon, Himel, Jago, Lauderbach, Sahlberg, Younglove

Jago remains open to any and all ideas regarding the “call for manuscripts” for the upcoming issues of *California English*. The idea for case studies in a future issue came from Jane Hancock of the UCLA Writing Project.

Jago assured the committee that she will not step down as editor of *California English* during her tenure as President of NCTE. She feels that staying in touch with affiliates will make her a better president.

A thoughtful discussion of the current condition of CATEweb yielded the following pros and cons:

Pros: Strongly positive about the visual appearance of the site.

Increase in advertising revenue for *California English*.

California English online plus the great look of the *California English* page on the website.

The friendliness and cooperative responses from the Wilsons.

Cons: At times, a slow response time in getting information up and available to members to keep information timely. Response time is slow or members can't find the information they need.

Who is the website for? Ease of getting exhibitor information but not so, for English teachers.

Hockensmith explained GoodSearch to committee members, who reacted positively to the suggestion.

Sahlberg, state coordinator of the CATE Writing Contest, requested all council presidents to please bring copies of student winners from their council to the December meeting. Publications Committee will evaluate entries and select state winners at that time. Sahlberg would appreciate digital copies being sent ahead of time.

CATE Professional Writing Contest has a December 10th deadline this year. Olga Kokino will send digital copies to Publication members for judging.

Peggy Clifford has resigned as California State Coordinator for NCTE's "Promising Young Writers" contest. Clarke suggested a potential candidate for this position might be Sallie Williams. Clarke will speak to her and will contact the Publications Chair.

Other state coordinators for NCTE include

Achievement Awards in Writing – McAninch

Literary Magazines – Charles Schaefer

Jago announced recommend changes in the NCTE writing contests. NCTE will vote on eliminating the on-demand, timed writing prompt, in keeping with its views on methods to achieve good writing.

Himel reported her progress (actually a "show and tell") on the California Literary Map. She still needs to receive names of writers from Council Presidents within the next two weeks. She requests two lists 1) people who lived in the area and 2) people born elsewhere who wrote about it. If duplications occur, Himel will contact the presidents involved.

Goals for the Year:

Continue to monitor and improve CATE website.

Get California English online.

Complete literary Map in time for 2008 NCTE.

Continue promoting the CATE and NCTE writing contests.

Recognize our young writers at CATE 2009.

Encourage each council to recognize CATE and NCTE student writers in their area.

Other

Younglove brought to the committee's attention. an issue that recently occurred at UCLA. A disgruntled professor has accused UCLA of violating the law prohibiting Affirmative Action in admissions. UCLA and UC Berkeley both have been using Holistic evaluations since the law passed. This particular professor has been linked with the Heritage Foundation and UC Regents who are opposed to Affirmative Action. After discussing this turn of events, Cecil asked Younglove to email her information about the case and she will draft a resolution to bring to the next board meeting.

McAninch moved and Berry seconded that Molly Davis at Viewpoint School in Calabasas be accepted as the winner of the Marilyn Kahl Scholarship. MOTION CARRIED

Membership - WILLIAMS, Brown, Danielson, Griggs, Hockensmith, Medford, Surabian

Our goal for membership last year was not met. Discussion followed on how we can increase membership this year.

Perhaps set a goal for all of CATE and then divide that up per council and then each person can even set his or her individual goal. Maybe a possible celebration for councils who reach their goals. A goal of 1825 was suggested 1825 by May. Council numbers could be:

Redwood - 40, Upper - 50, Capitol - 150, Central - 550, Fresno - 85, TUCATE - 25, Kern - 55, Southland - 700, San Diego - 170.

The CATE PowerPoint presentation still needs photos and information from each council. Encouraging councils to send photographs of any event.

Suggested Membership gifts for CATE 2009 - Flash drives - costly at \$4.69 for one gigabyte; CATE gift with someone else's logo would be all right; Staples/Office Depot; Members of the committee will be investigating how to get enough contributions for CATE gift (Flash drive).

Membership Presence on the website needs to be more obvious. People are more and more comfortable renewing and joining online. We need to have an obvious link and easy access to membership. We need electronic reminders to go out, as it saves postage costs.

Council Membership Chairs need to know what are the levels of membership. How much each membership costs, what information is necessary for CATE to know about the new member, whom do we send the membership to and what information is needed, including forms that we have to expedite this; how to make sure new members have been included on CATE's membership; and does each council have Policies that explain the responsibilities of each position on the council. Do we need a manual for membership chair and/or Council Handbook?

How can we make Resolutions more obvious to people outside the Board? Could "Council Breakfasts" be more collaborative rather than separate in order to make the discussion for the potential resolutions more grass roots. We need to find a way to connect the members coming to the Convention and the Board. Can our Resolutions be sent out to each of our members via email? How can they be distributed and through what method? Website needs buttons and obvious links.

Old Business

A committee of present Board members (Dunstan, Delfino, and Berry) met last evening to assure that the three nominations for Distinguished Service Award are valid. At this point the three nominees will be invited to send their resumes to the Awards Committee members who will then convene a phone or online conference to determine the winner.

Berry moved and P. Fristrom seconded that the following people, Caroline Carraciolo, Pat Cipriano and Michelle Berry be appointed to the Awards Committee to select the winner of the Distinguished Service Award. MOTION
